FLINTRIDGE PREPARATORY SCHOOL FOR BOYS

301 Foothill Boulevard

Pasadena 3, California

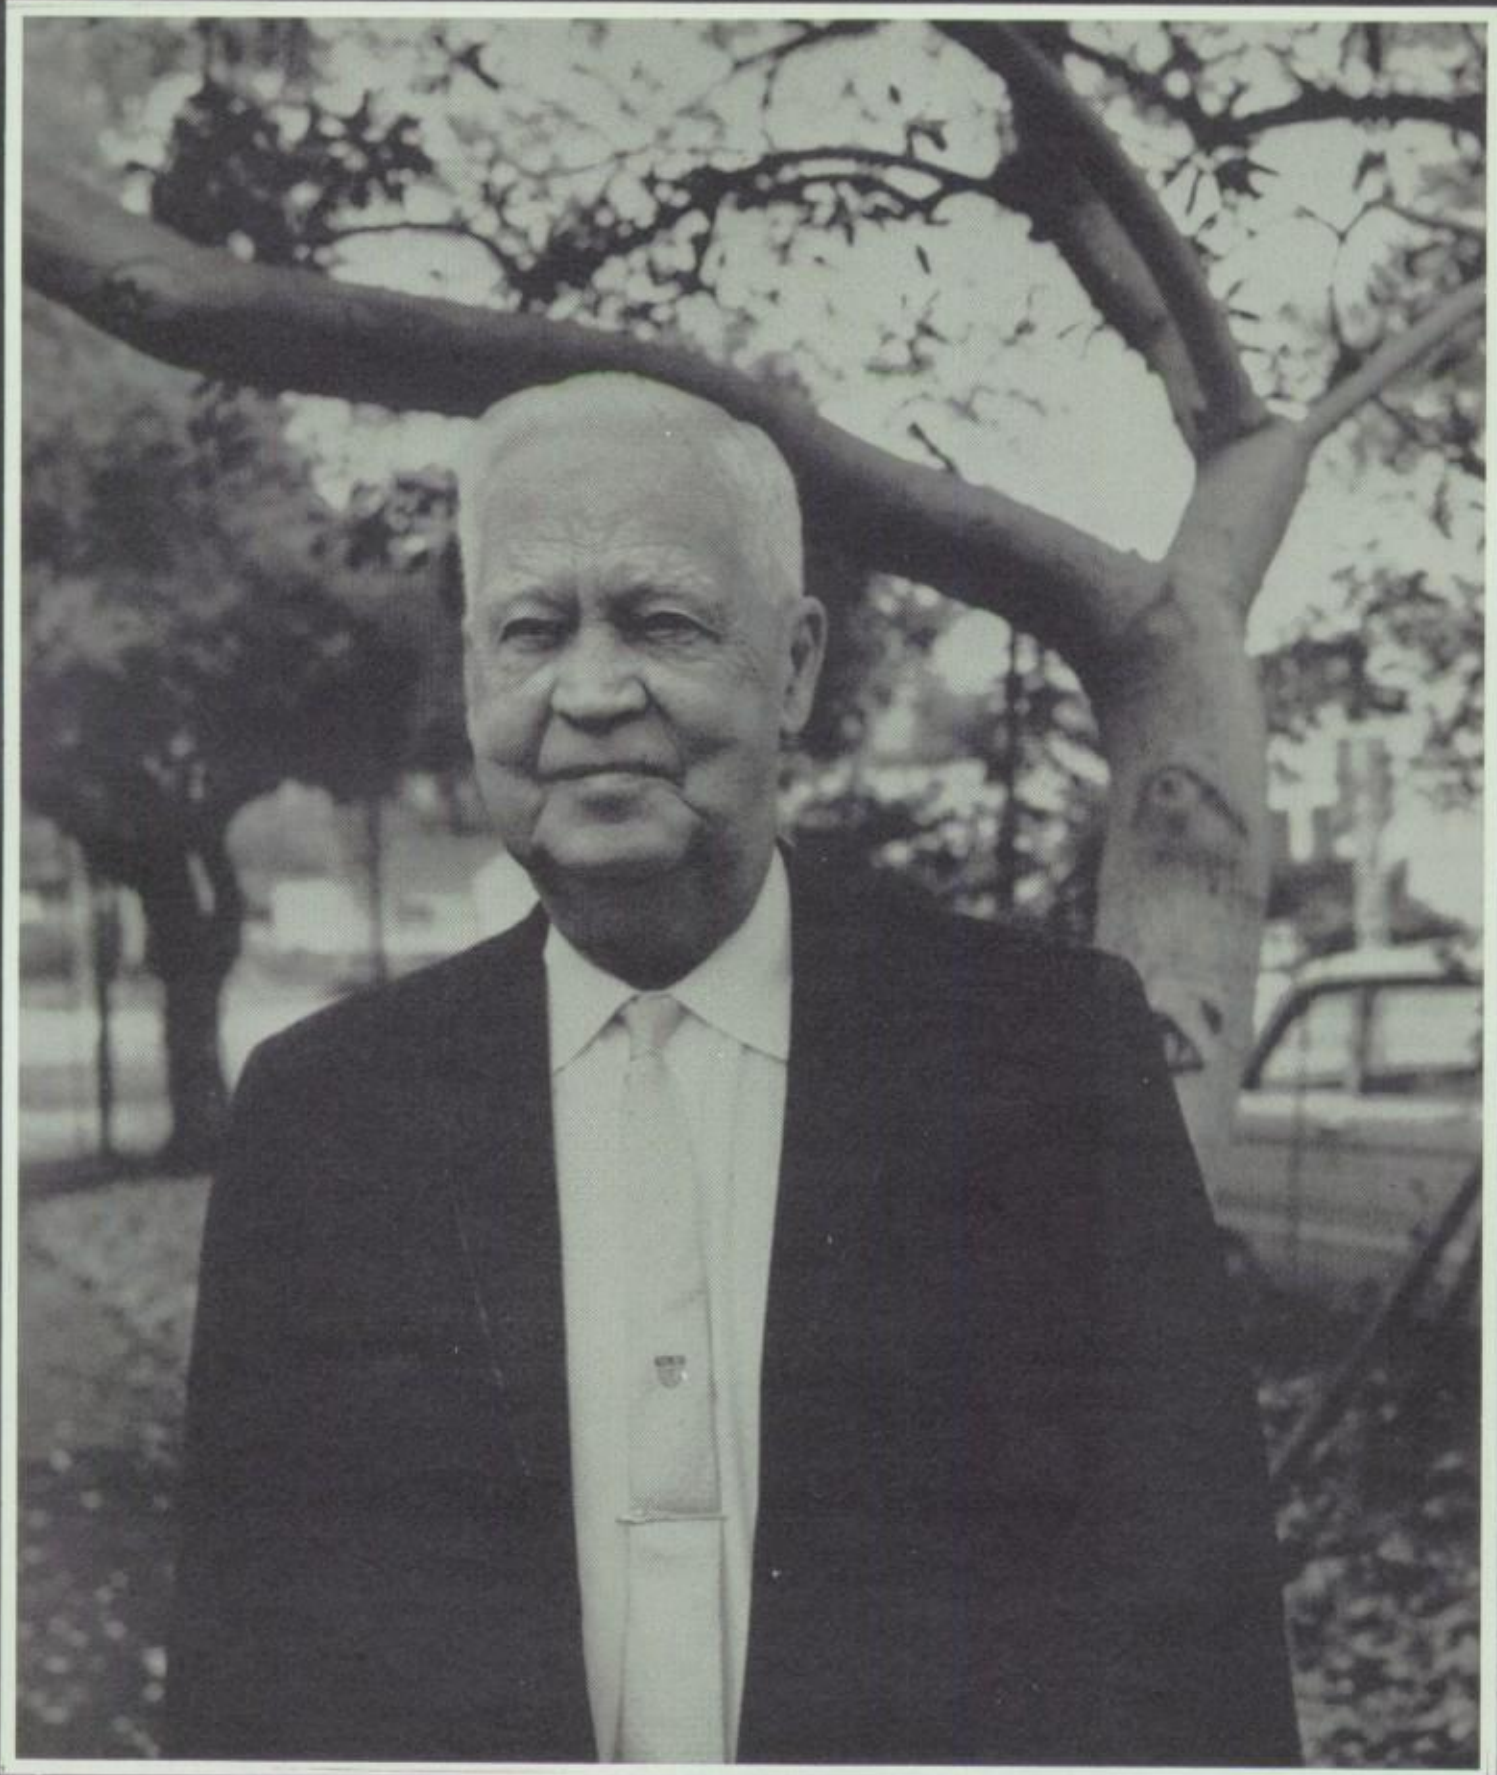

FOREWORD

Flintridge and its students are striving for achievement, not only collectively, but also individually. Because modern art most clearly shows the achievement of the individual artist, it was felt that through a theme of modern art, *LOG 65* could accurately portray the individualism of Flintridge and its students. Therefore, modern art is the theme of *LOG 65*, and it is hoped that by accenting individualism, the students of Flintridge will, in years to come, remember *LOG 65* as an important record of school life.

DEDICATION

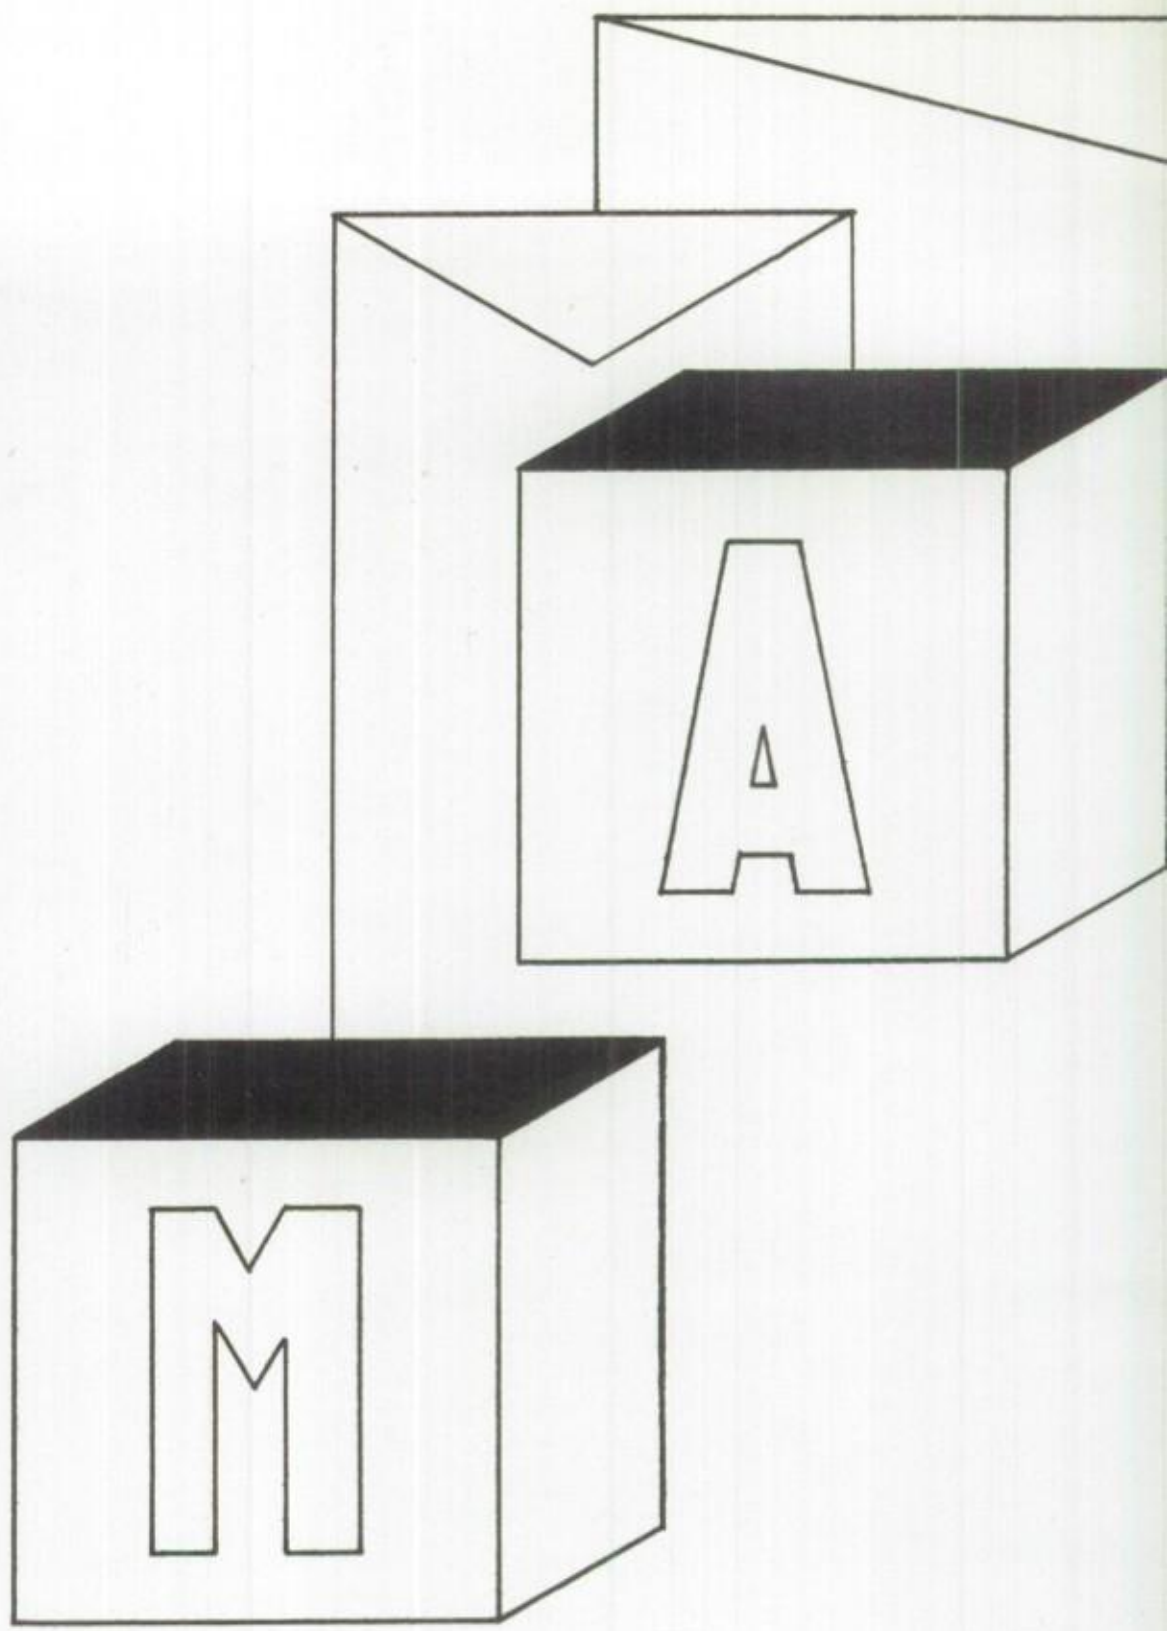

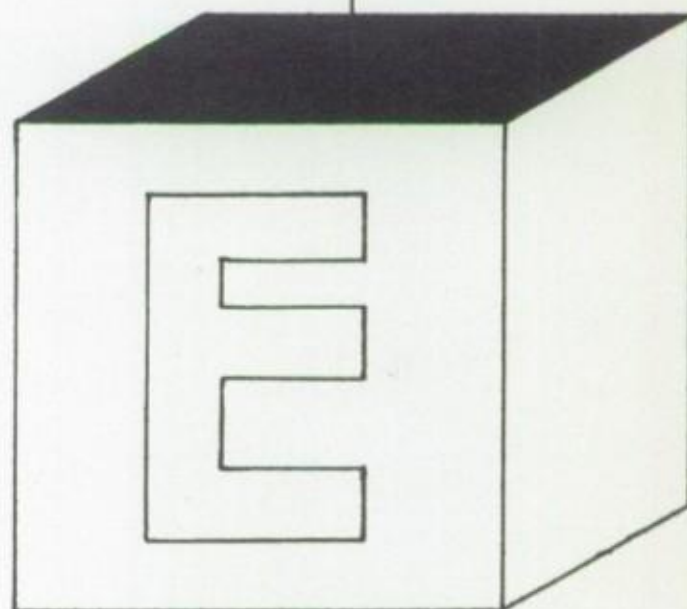

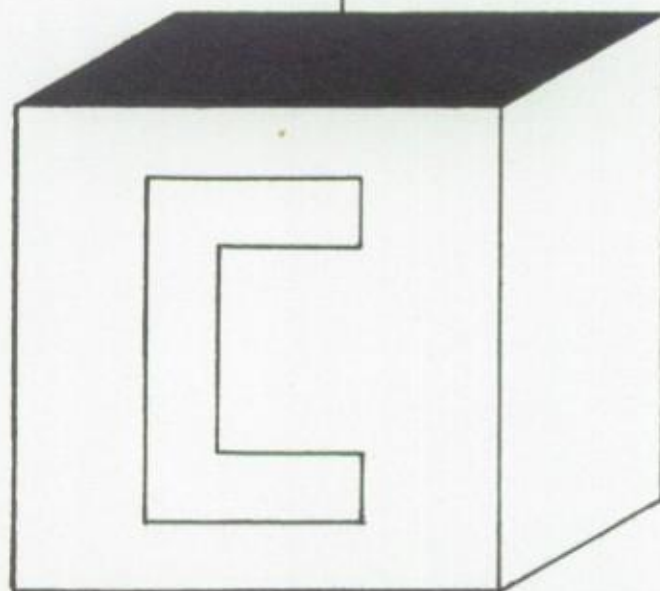

To Mr. Harold McKee, whose untiring efforts through more than twenty-five years of service have accomplished the Flintridge of today, we dedicate *LOG '65*.

TUDENT

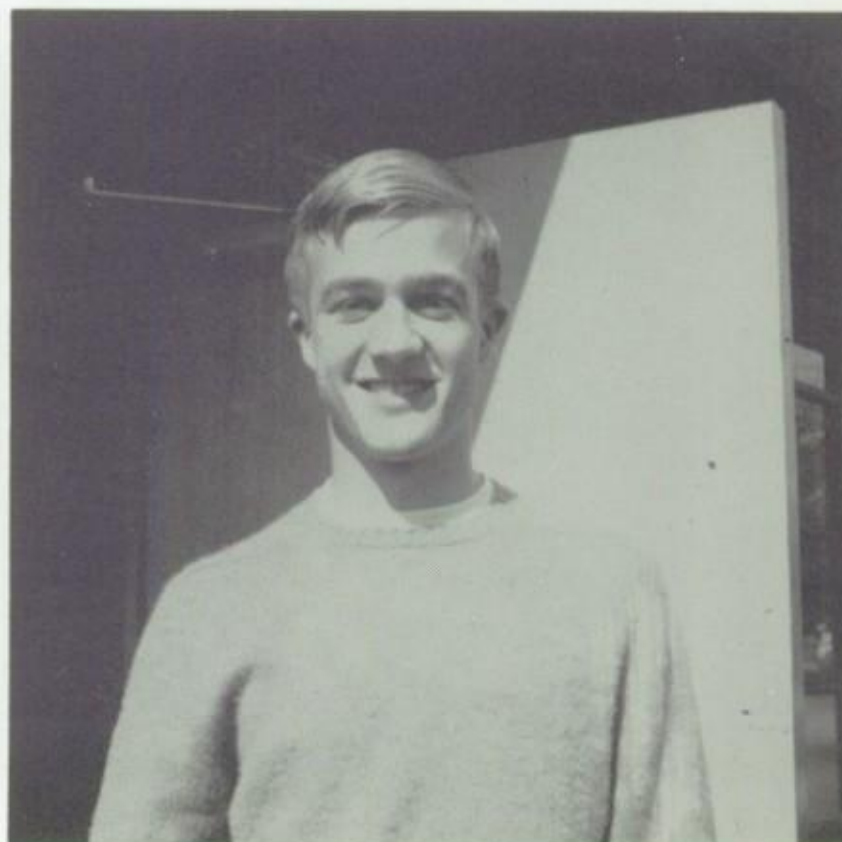

Under the leadership of Commissioner General Ken Stutz, the all-Senior student council of Flintridge has been an important force in the growth of Flintridge this year. Ken has developed an interesting program of assemblies, including surfing movies, traffic safety demonstrations, and a folk music presentation. Tom McEntyre, Commissioner of Academics, has shaped the demerit system into a well-organized and effective element in student body disciplinary procedures. John DeGroot, Commissioner of Finance, although able to produce only a small number of dances, put on the precedent-setting "Hell" dance in cooperation with the Independent League Forum, an effort that enjoyed tremendous success. Commissioner of Athletics Jim Brown has provided accurate game reports and stimulated fierce class competition. Alexander Harriman, Commissioner of Publications, has raised both the *LOG* and the *Highlander* to new heights this year. The student council has added new life and spirit to Flintridge by means of new additions to school life and reorganization of old institutions.

Under the able direction of Alexander Harriman as editor, this year's *LOG* presents a dynamic new format organized under the heading of Project MACE. The letters stand for the first letters of the four divider pages. In carrying out the theme, Stuart Robinson, assistant editor, has helped on assignments and layout; Alan Thompson, class editor, has worked on triplicates and class streamlines; and Richard Felnagle has supervised photography on the *LOG*. The new format consists of the dramatic block designs used throughout the yearbook and the novel layout. It is hoped that this versatile theme will be marked as a major step in the progress of the *LOGs* of Flintridge.

Dear Babby?

The most striking thing about the *Highlander* this year is its totally revised format, including numerous pictures spread throughout the issue, the return of humor columns, and a full six pages per issue. The increased coverage has been made possible by a new editorial organization, which places greater responsibilities on the various department editors and gives greater experience to other members of the staff. The increase of two pages while maintaining an issue every month has allowed a much wider scope of the school's activities to be represented in the paper, plus many new and original columns, such as "Dear Babby" and "Prep By-line." The hard work of the staff and the generous help of advisor Mr. Denniston have combined to make the *Highlander* a lasting record of the school year.

The Letterman's Club is a body of varsity lettermen that was organized to encourage school spirit. Bruce Murdy, Letterman's Club President, has guided the Club to a year of improvement and a year of achievement. The Letterman's Club has provided ushers for football and basketball games this year and by means of pep rallies has provided a rallying point for school spirit. Many things have been planned this year for the Letterman's Club. Not only has the idea of a Letterman's Club play been taken under serious consideration, but Murdy is planning a Letterman's Club picnic. Under the able direction of Mr. Bradbury, the club has taken an active part in student affairs in the past and will continue to do so in the future.

The administration of Flintridge achieves a close relationship with the student and provides the necessary guidance to enable him to continue his academic education. The school, a non-profit organization, added two teachers to its faculty this year and has just completed another phase in its building program. At this rate of progress, Flintridge may expect, in the near future, completion of the final phase—a new administration building and cafeteria.

CAMPUS AND

Prep's program in the humanities is excellent. In the American and British literature courses, university material is frequently used, and a concurrent course in semantics is taught with English IV. In the History Department, understanding is stressed so that the student may evaluate why events happened as they did. A new two-story building was built to house the smaller language classes along with the mechanical drawing and 'shop' facilities. Spanish remains the most popular language, but Latin and French classes also have substantial attendance.

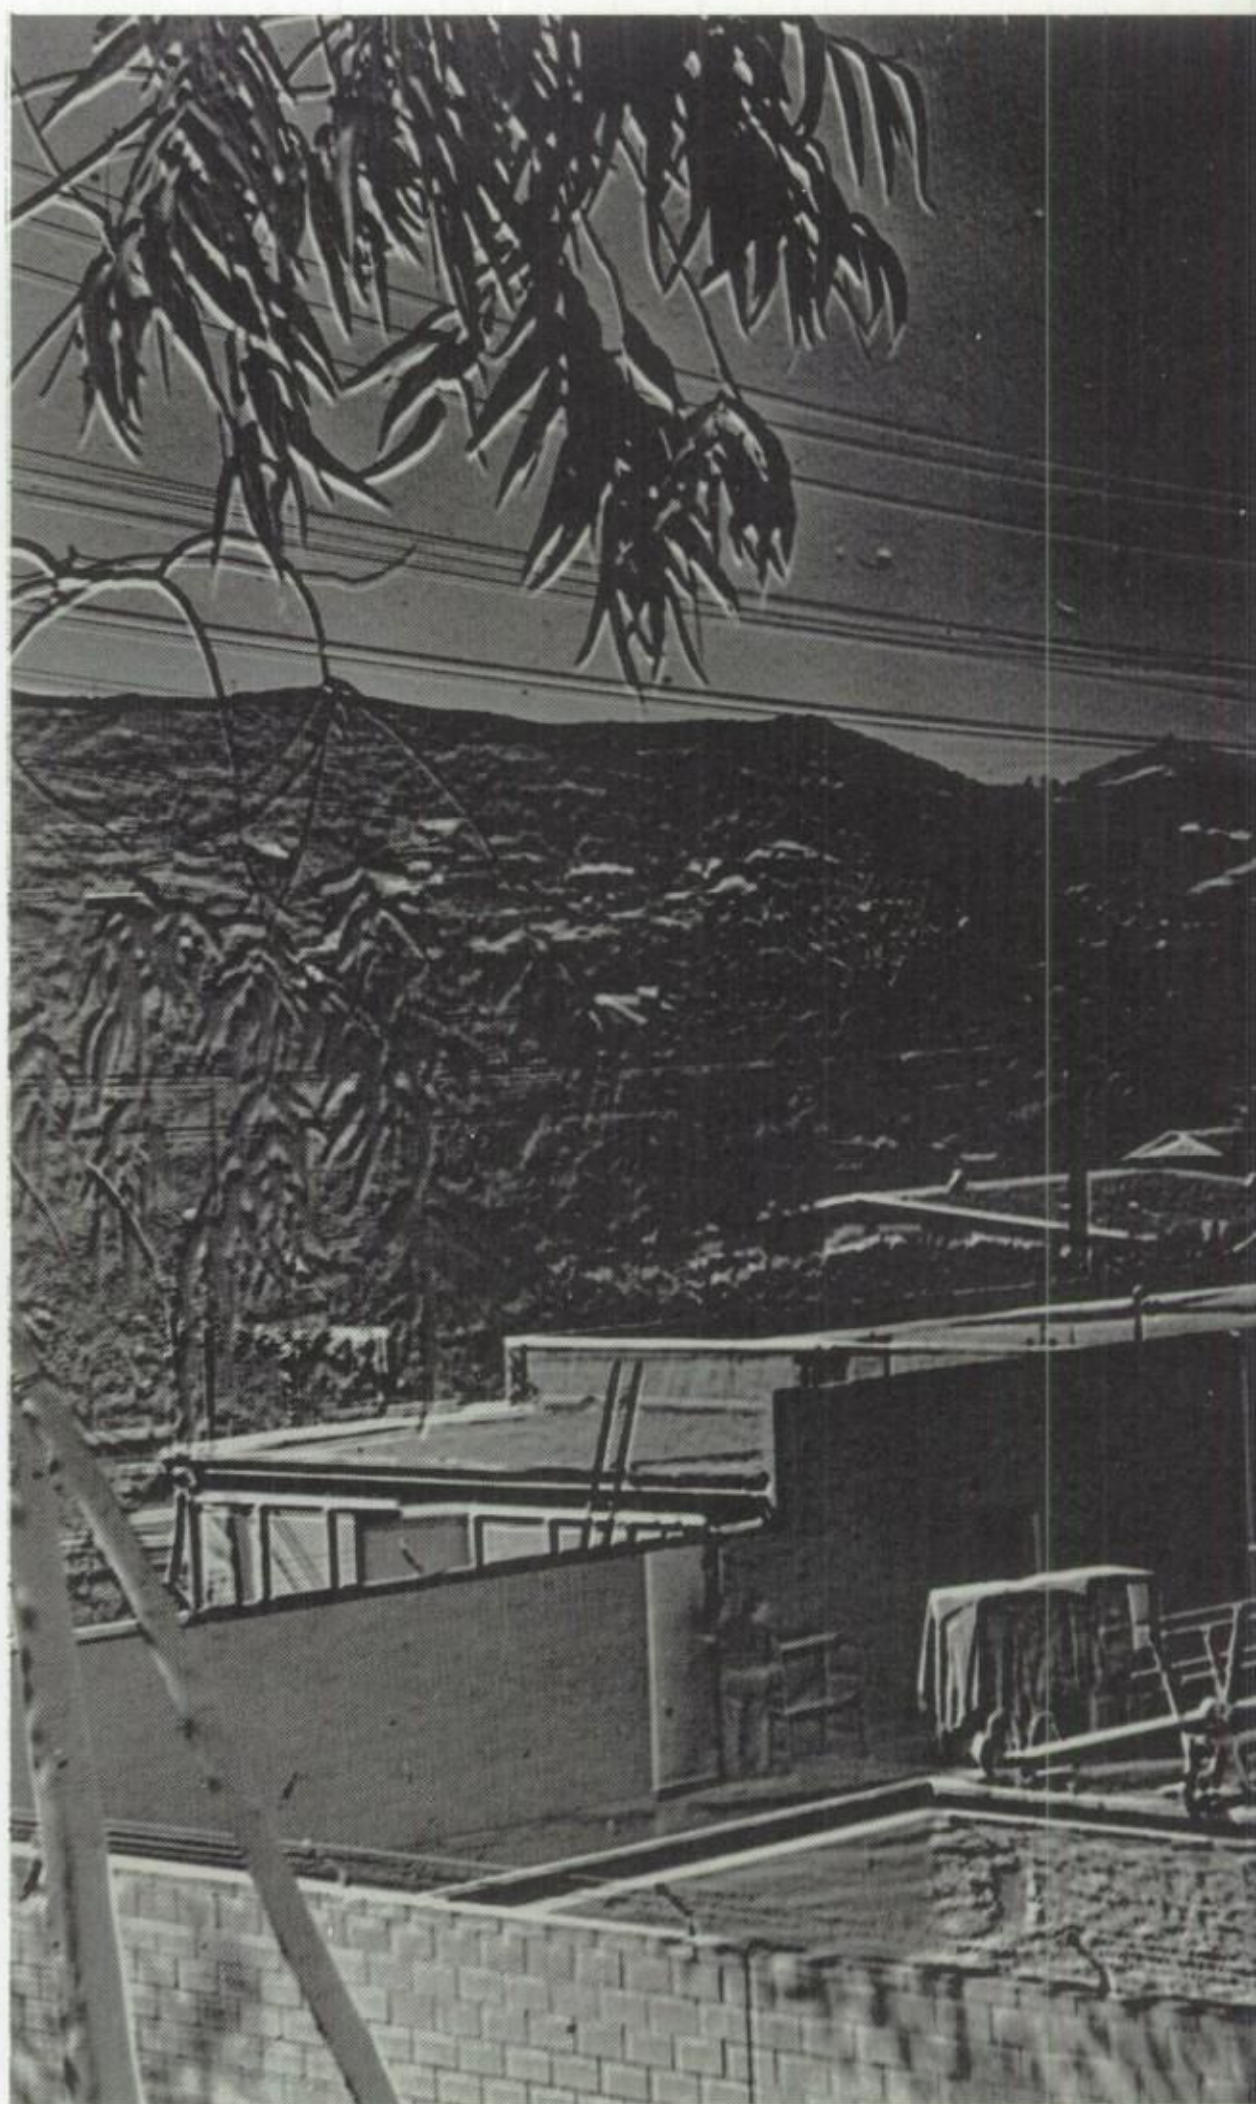

The Flintridge Science Department is perhaps one of the best-equipped and up-to-date in the area. In mathematics, Algebra I is taught along with new math in the eighth grade; and in Algebra II, Chemistry, Physics, and Math Analysis, two types of courses—intensive and standard—are taught. Two modern laboratories are shared by the Biology, Chemistry and Physics classes. Science movies have been scheduled periodically in the library, and films are often part of regular classroom instruction.

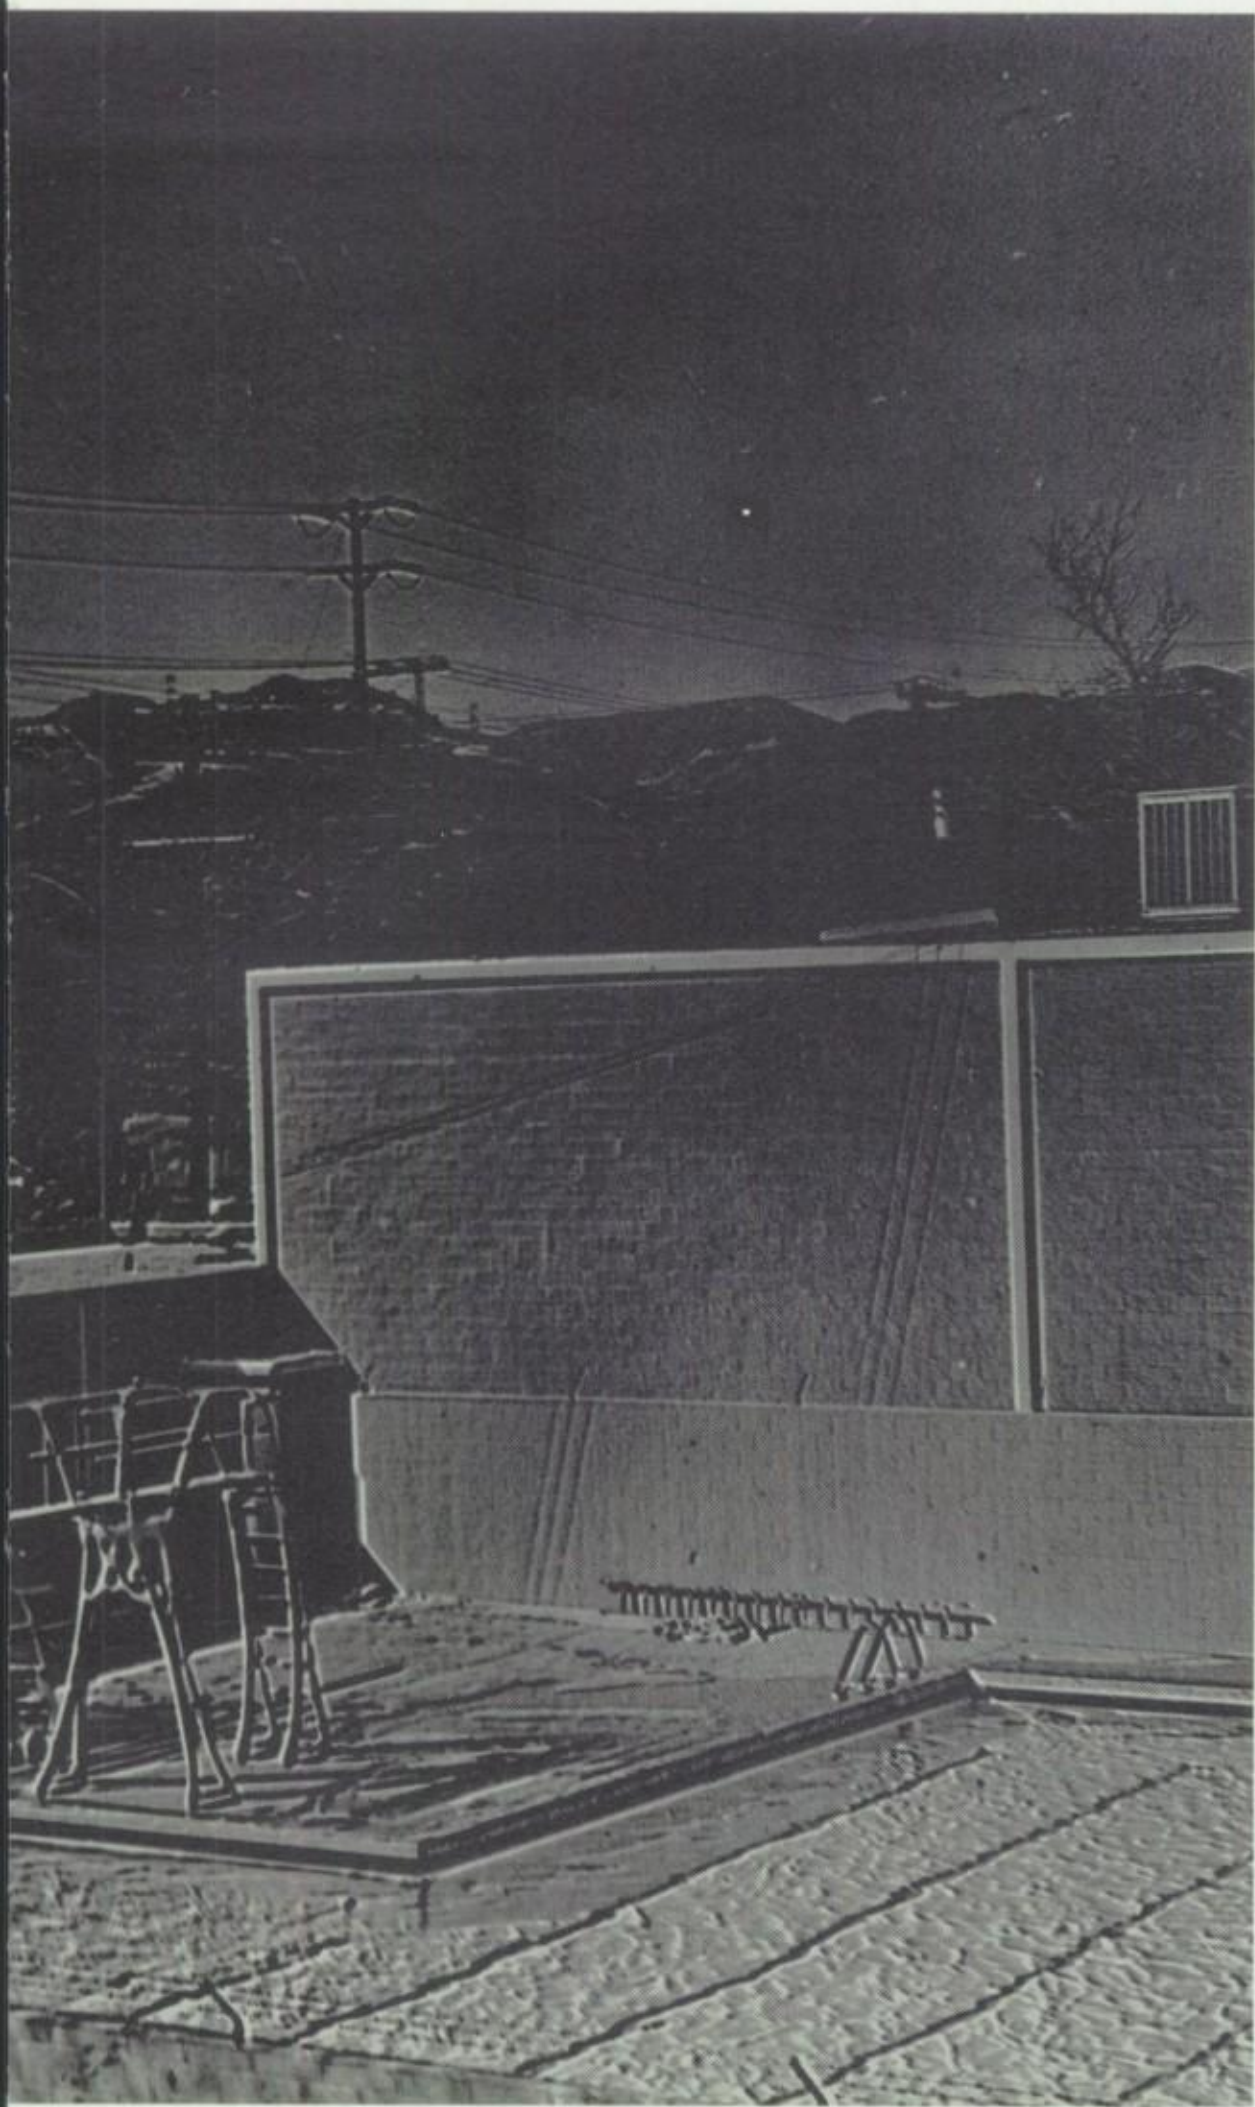

CURRICULUM

A new swimming pool marks a great achievement in Prep's athletic program. Now more emphasis will be placed on swimming as a major sport and on other water activities like diving and water polo. Gym classes offer both exercise in basic calisthenics and training in the major sports. The gymnasium not only holds all school basketball games but also serves as an auditorium for dances, assemblies, and graduation exercises. And to increase school attendance at games, a new pep band has been organized.

This season saw the Flintridge varsity, plagued by inexperience and injury, winning only two games and losing four. Victories came against Poly and Black-Foxe, with losses to Culter, L.A. Pacific, and Chadwick twice. The season was highlighted by the play of Ted Safford, who amassed a total of 1519 yards and 21 touchdowns. Bruce Dixon was another standout on offense, while the defense was led by Jim Brown, John DeGroot, and Ken Stutz. With the able leadership of Mr. Wood and Mr. Bradbury, along with the experience gained this year, Prep looks forward to a winning season.

BEE FOOTBALL

For the second successive year, the Flintridge *Bees* won the league championship, completing an undefeated season with a record of six wins and no losses. The offense, led by Gene Rhodes and Bob Parrott, scored a total of 350 points during the season, an average of 71 points a game, while the defense, led by Ray Gould, Brian Sullivan, Steve Bushnell, and Steve Carpenter, held the opposition to only 144 points. With this fine *Bee* team, football prospects at Prep look good for the near future.

VARSITY BASKETBALL

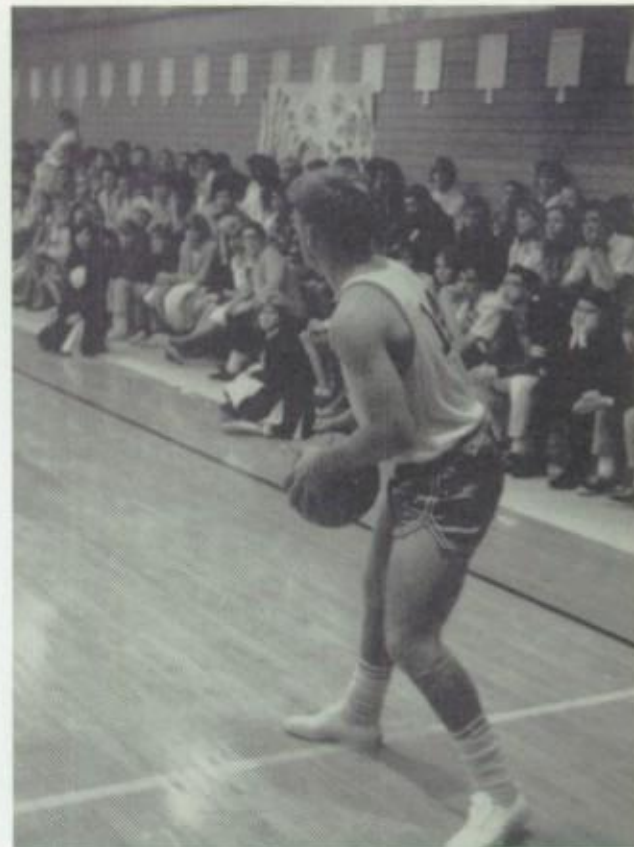

The Flintridge A basketball team was relatively unsuccessful this year, although the team showed promise and fortitude in every hard-fought game. With Seniors Bruce Brown, Ken Stutz, John De Groot, Larry Meikle and Steve Adler, and underclassmen Craig Farmer, Mike Taylor, Bob Curwen, and Bill Birdsall, Coach Bradbury had a team which defeated Poly once, and on which there were two All Prep League players, Stutz and Brown. Bruce Brown also was named the league's Most Valuable Player. During the year Ken Stutz and Bruce Brown, the team captain, were honored with the *Times* player of the week awards. The team's record looks more in perspective when it realized that six of the eight losses were by a margin of three points or less.

Don Sutro, Ray Gould, and Gene Rhodes proved to be the offensive stars of the *Bees*. Steve Carpenter and Bob Graham rounded out the starting five. As the year progressed, the team's scoring went down. With the loss of Ray Gould, the ball handling and shooting suffered and the *Bees* began to lose rather consistently. Abelman, Foote, Mandigo, Flickinger, and Jacobs provided able subs and a fine basis for an improved *Bee* squad next year.

BASEBALL

FRONT ROW: Carpenter, Sutro, Reeves, Jacob, Safford, Guizot, Repovich. SECOND ROW: Worcester, Burch, Forsch, De Groot, Eskelson, Taylor, Brown, J., Farmer.

As was the case with the fall teams, this year's baseball team is hindered by inexperience. With the season just getting underway, the team has only three returning lettermen. Leading this group are All-League first baseman John DeGroot and pitcher Ted Safford. Second baseman Mike Taylor rounds out the returning lettermen. Other veterans include catcher Pete Forsch, shortstop Craig Farmer, and outfielders Dan Eskelson and Jim Brown. With the first game still in the future, it appears that John Burch will round out the infield at third. Newcomers Jim Jacob, Steve Carpenter, Nick Repovich, Don Sutro, and Jim Worcester will be looking for a chance to break into the lineup. The team holds an 0-2 record in non-league games. Each game was lost by one unearned run. The team is improving with every game; and by the time league games come around, Coach Tom Bradbury believes his team will have a good chance to enter the C.I.F. Playoffs.

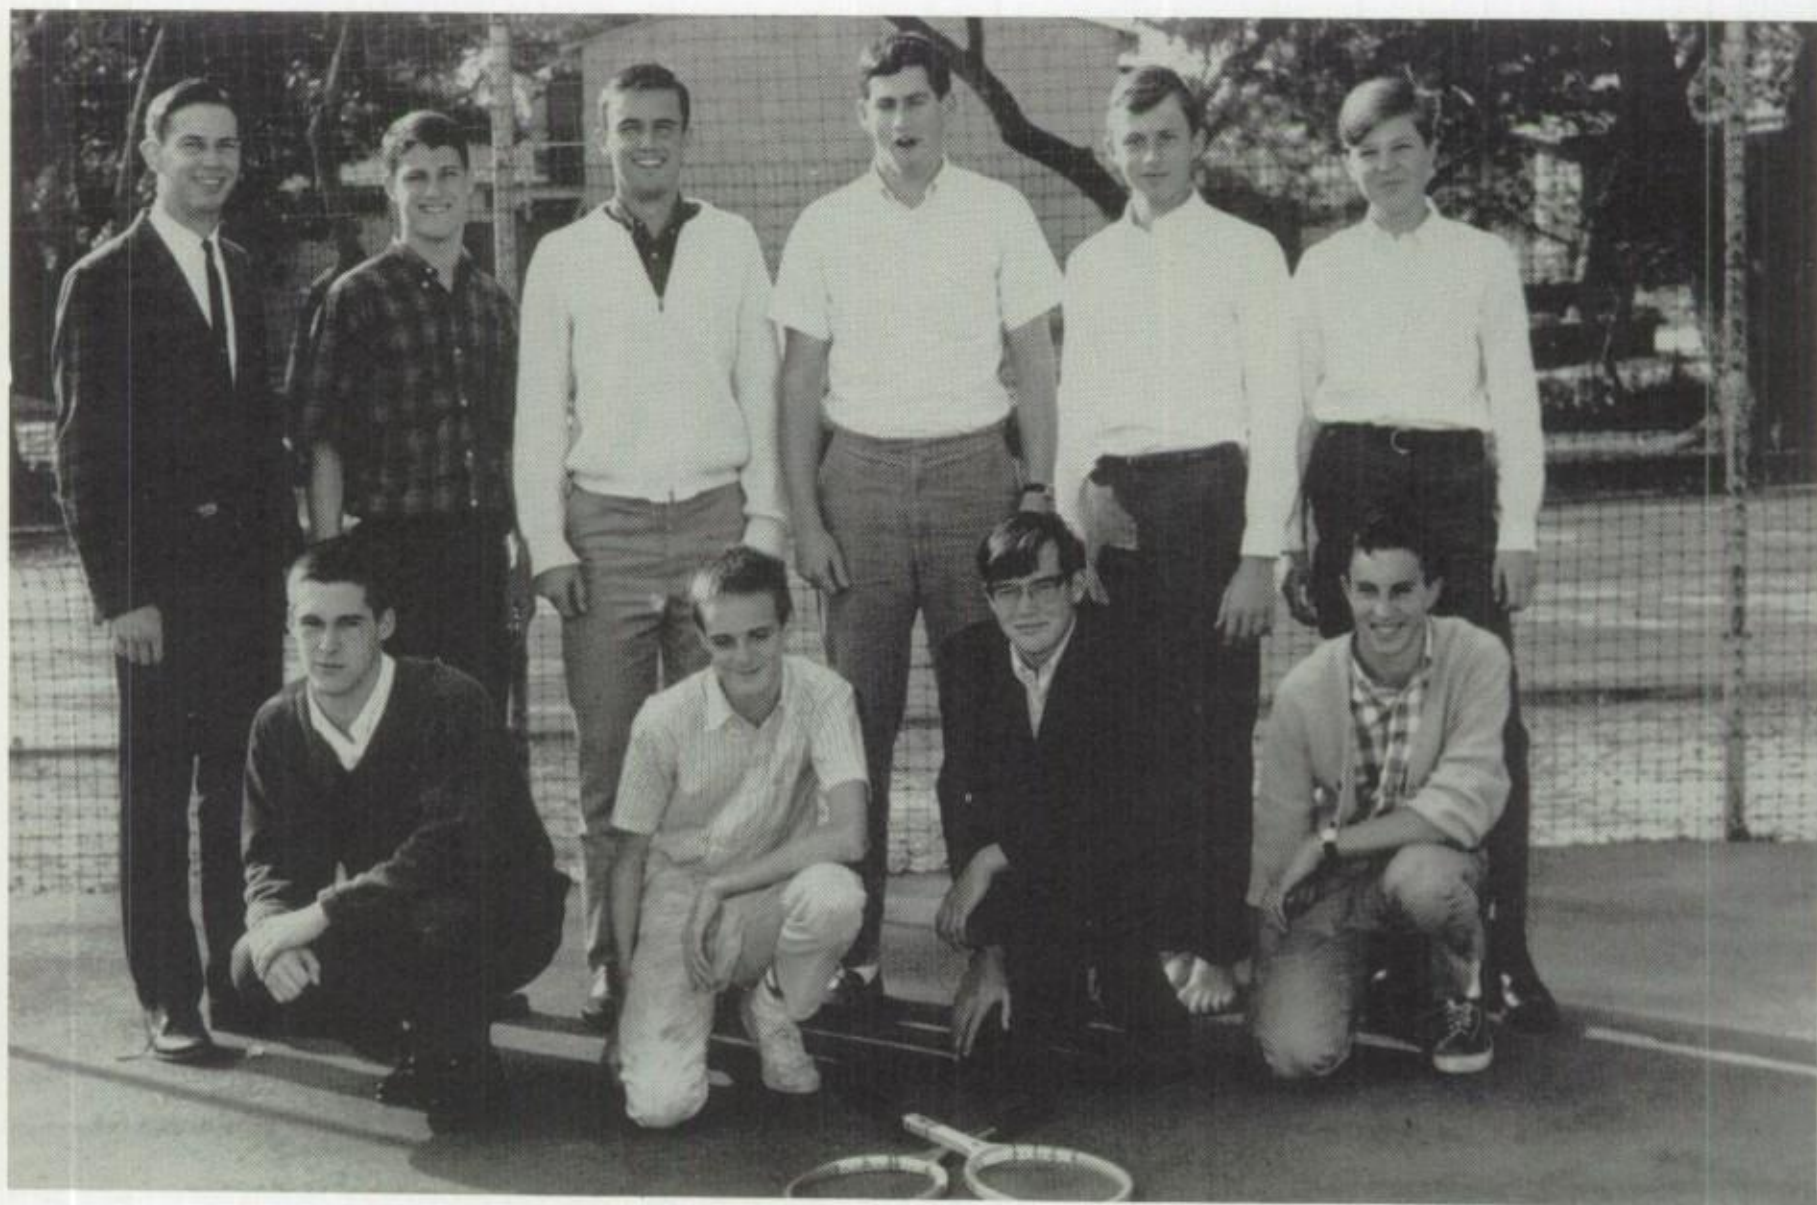

FRONT ROW: Graham, Woodward, Parrott, DeMartini, Goodwin, Sheets. SECOND ROW: Curwen, Birdsall, Barneson, Wright, Clements, Gillespie, Rhodes, McEntyre, Hodge.

This year, with the new swimming pool made available through generous donations, Flintridge again has the chance to become the swimming power it once was. The swimmers heading up this year are Dixon, Barneson, DeMartini, McEntyre, and Parrott. A swimming team cannot be built in a day; it will take years of hard work. Such promising candidates who will improve with time are Creley, Clements, Gillespie, Rhodes, Graham, Sheets, Wright, and Hodge. The first meet with Harvard proved our inexperience with a loss of 73 to 20. The second meet with Crescenta Valley High School was 74 to another loss. Our third meet with Black-Foxe showed an improvement with a loss of only 56 to 35.

TENNIS

This year, tennis will play an important role in athletics at Flintridge. The team, composed of adept and agile players, is destined for C.I.F. recognition. Led by senior captain Bruce Murdy, the net men already have defeated La Salle High School, a top contender. Other stalwart lettermen include Ken Stutz, a senior; Ted Safford, a junior; Gene Rhodes, Dan Clements, Ed Sinnott, and Stan Keith, sophomores; and Chris Blake and Frank Sheets, freshmen. The team can expect many more profitable seasons due to the fine young freshmen and sophomore players. As the *LOG* goes to press, few matches have been played, but Coach Champagne has stated that this year's team appears to have more balance, power, and speed than previous teams and with a little luck should place very high in C.I.F. competition and at the Ojai Tournament.

GOLF

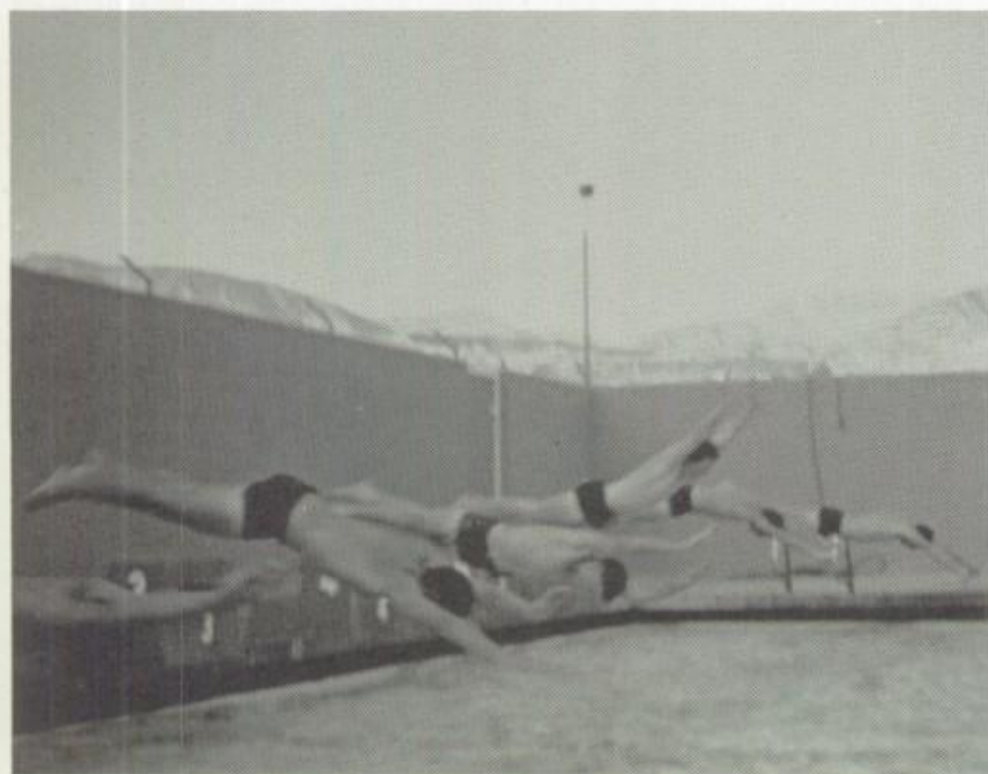

This year's golf team, led by Peter Keyes and Craig Farmer, is already on the way to another successful season. With two wins and a tie at this writing, Philip Acosta's golfers hope to continue the tradition of defeating much larger schools on the links. Mr. Acosta has discovered and developed golfing talent with his daily practice sessions on the front lawn. This talent includes Bob Parrott, Bill Mandigo, Bob Pierpont, and Carter White, the other members of the squad. Golfers Tim Gill and John Gallup provide fine reserve strength for this year's strong team.

CLASS COMPETITION

Under the able direction of this year's Student Council which make up class competition were carried out with the Seniors coming out victorious. The first event juniors showed their strength in this field by coolly defeating the Seniors, to take first place with five points. Then with the sophomores and freshmen trailing the pack. This did not last long, however, as the Seniors acquired first place in the Times Current Event Contest, and grades. The freshmen by getting a first in demerits, thereby surpassing the seniors. With volleyball and swimming still to be run off, it is expected that the guests of either the freshmen or the sophomores. SOCIAL

This year the traditional Halloween Dance was displaced by the construction of the new pool and the over-all chaos which resulted; however, the Seniors were able to use the Thursday Club in La Canada for the Christmas Dance. Couples danced near a large Christmas tree to the music of the "Glenaires." The refreshments were provided by Mrs. Lange and the kitchen staff. The kitchen supplied some of the famous chocolate chip cookies, while Mrs. Lange made lemon cake. Christmas lights all around the wall gave the room a nice warm, cheery atmosphere.

The social setting was unique this year in that Flintridge, along with Westridge, Anoakia, and Polytechnic, jointly sponsored a dance. Approximately 375 people danced to the music of the "Challengers" in the Westridge Library. Couples cooled off by going out on the patio for some punch. The idea for the dance was not the only thing unique about it. It was entitled "Hell." Following "Hell," Flintridge celebrated the occasion of its spring dance by inviting Polytechnic, Anoakia, Westridge, and Harvard students to "Return to Hell" and dance to the "Powerful" music of "Eddie and The Showmen." Approximately 500 people showed up, making it one of Flintridge's most successful dances.

THANK YOU

LOG 65 is not the work of one person or the inspiration of one individual. *LOG 65* is the result of many hours of hard work and thought by many people, and although the entire *LOG* staff deserves much credit, I would like to say particular thanks to:

Mr. Noia, *LOG* advisor, for his invaluable guidance and never-ending patience;

Stuart Robinson, who worked tirelessly and efficiently as Assistant Editor;

Alan Thompson, Classes Editor, for his excellent work and uncompromising attention to detail;

Richard Felnagle, without whose excellent pictures *LOG 65* would not be reality;

Craig Farmer, who came to the *LOG 65* with many original layout and art work ideas;

Drew Skowrup, for his valuable help in many areas;

Jim Kautz, who is responsible for the dynamic faculty section;

Tom McEntyre, who worked with never a complaint;

Jim De Martini, for his well-done work;

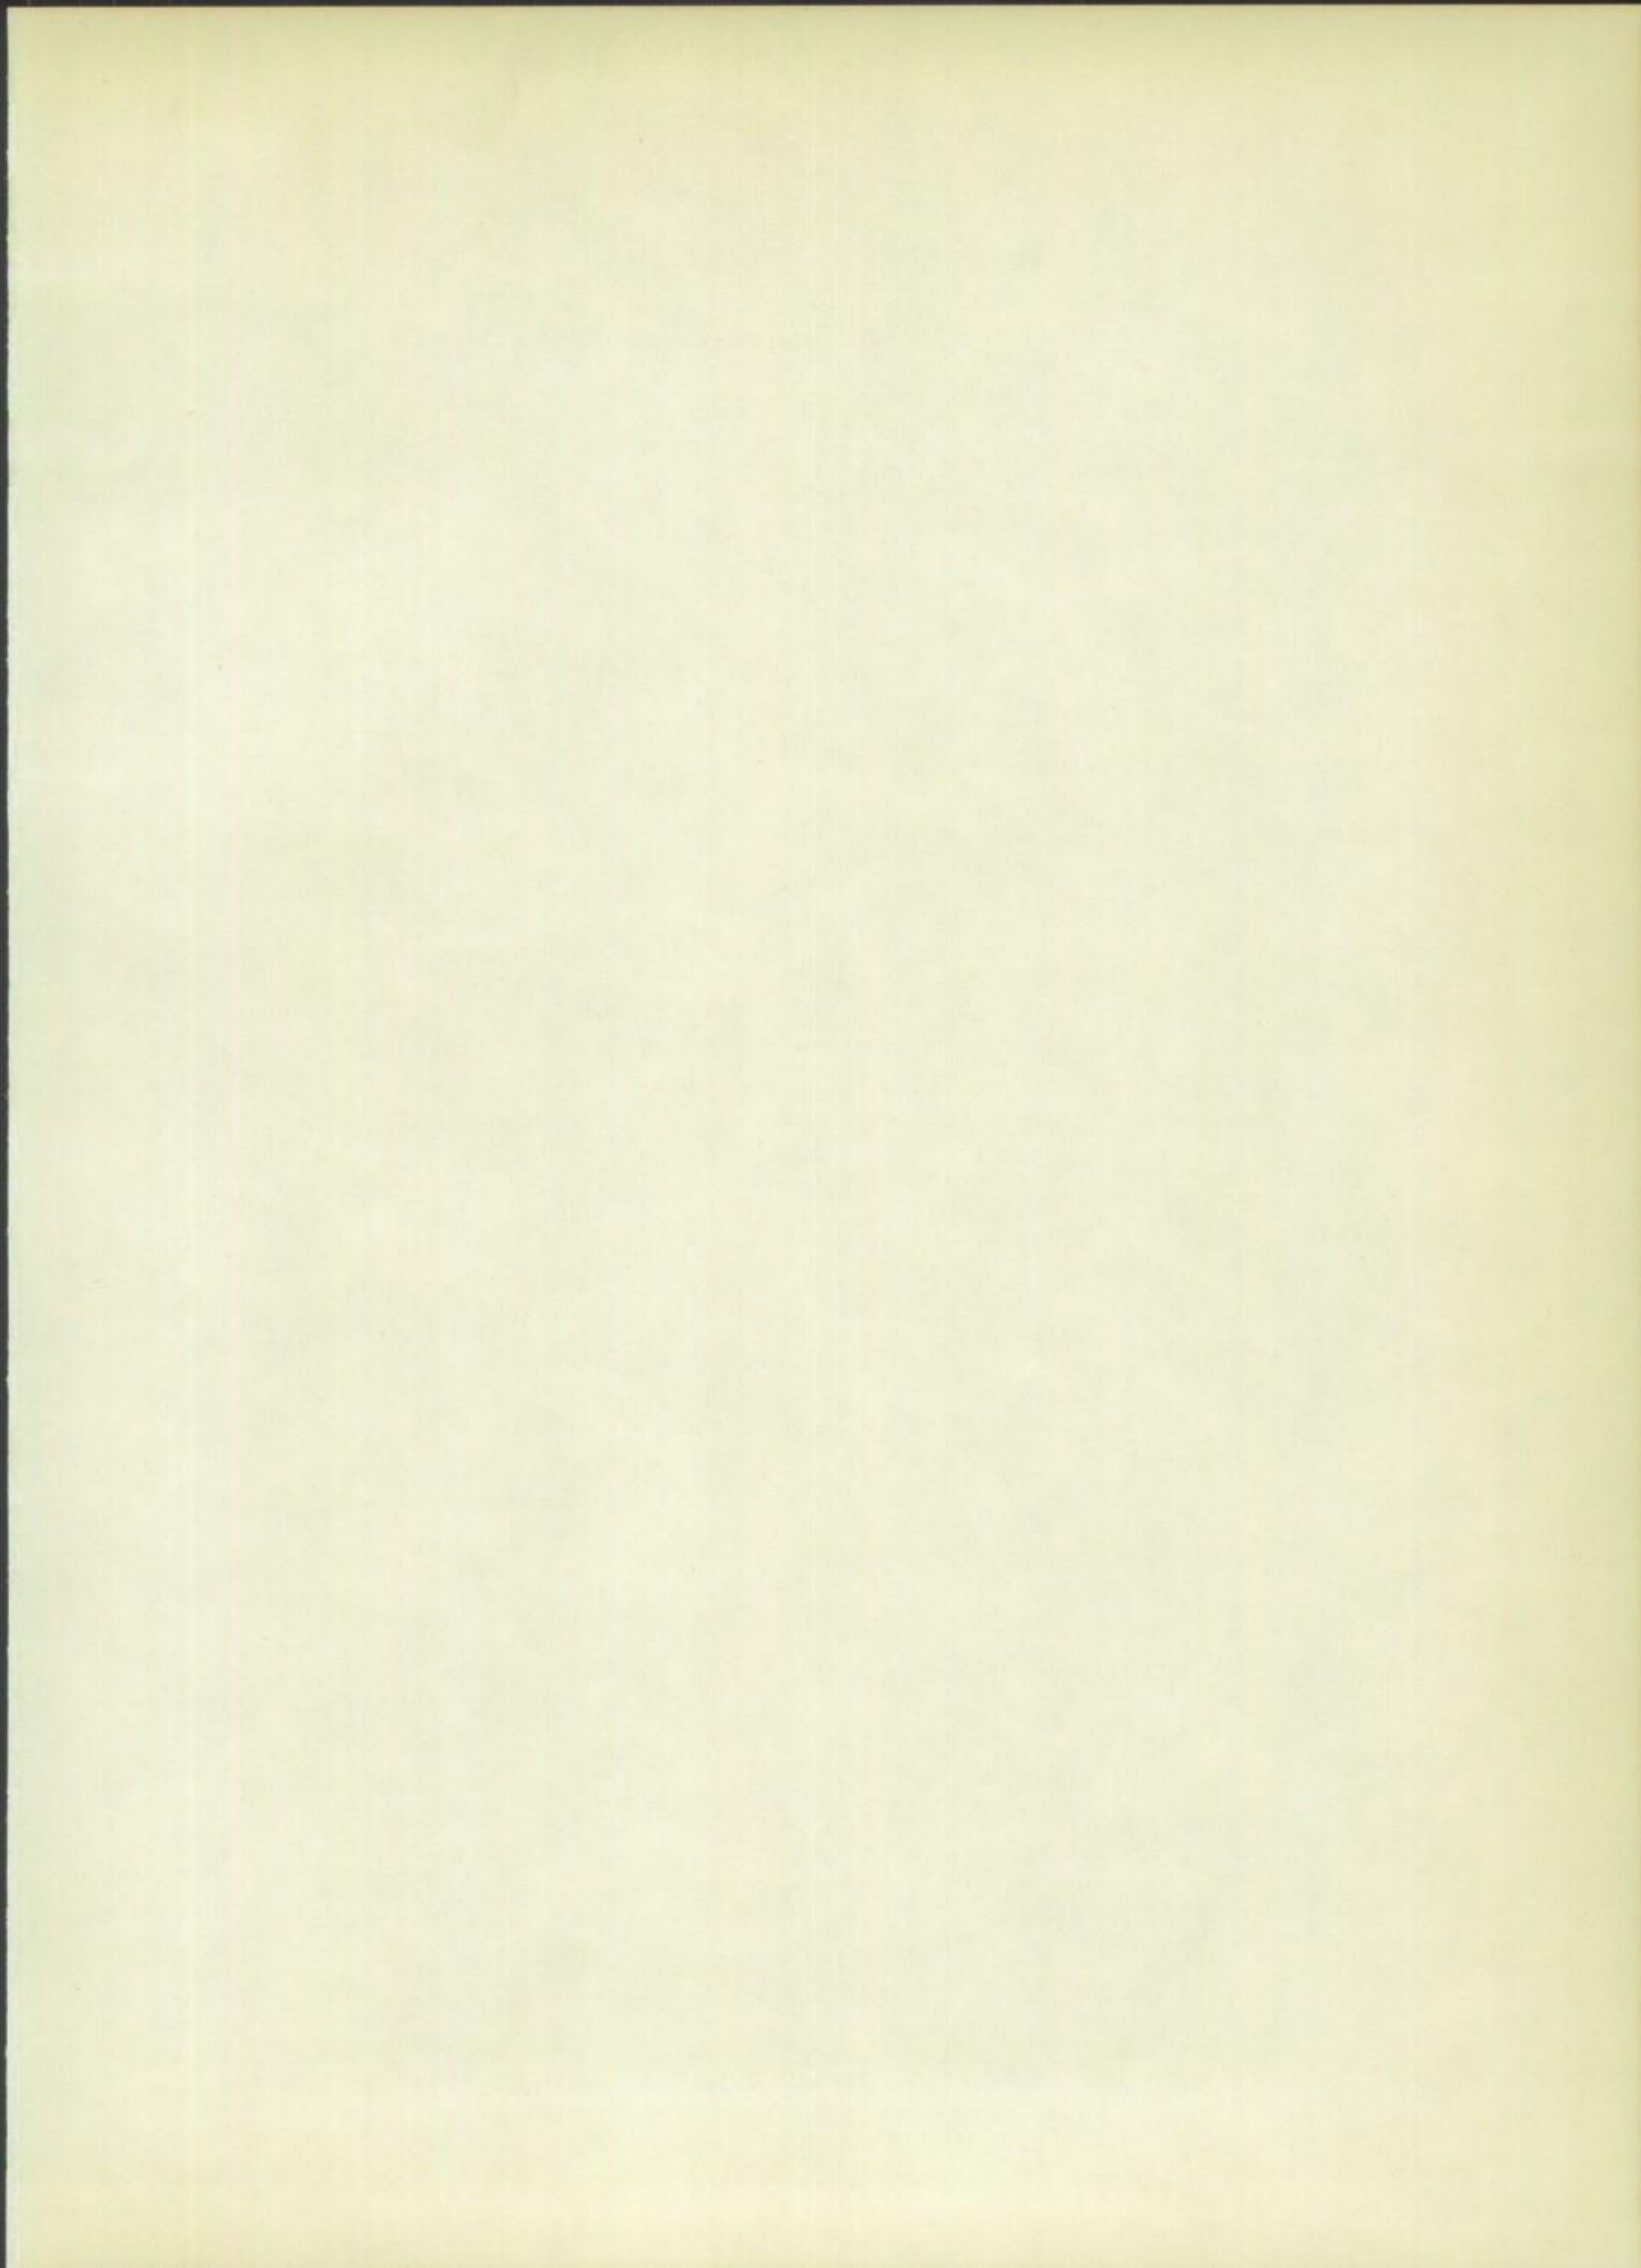

Dan Eskelson, who did the well-organized sports section;

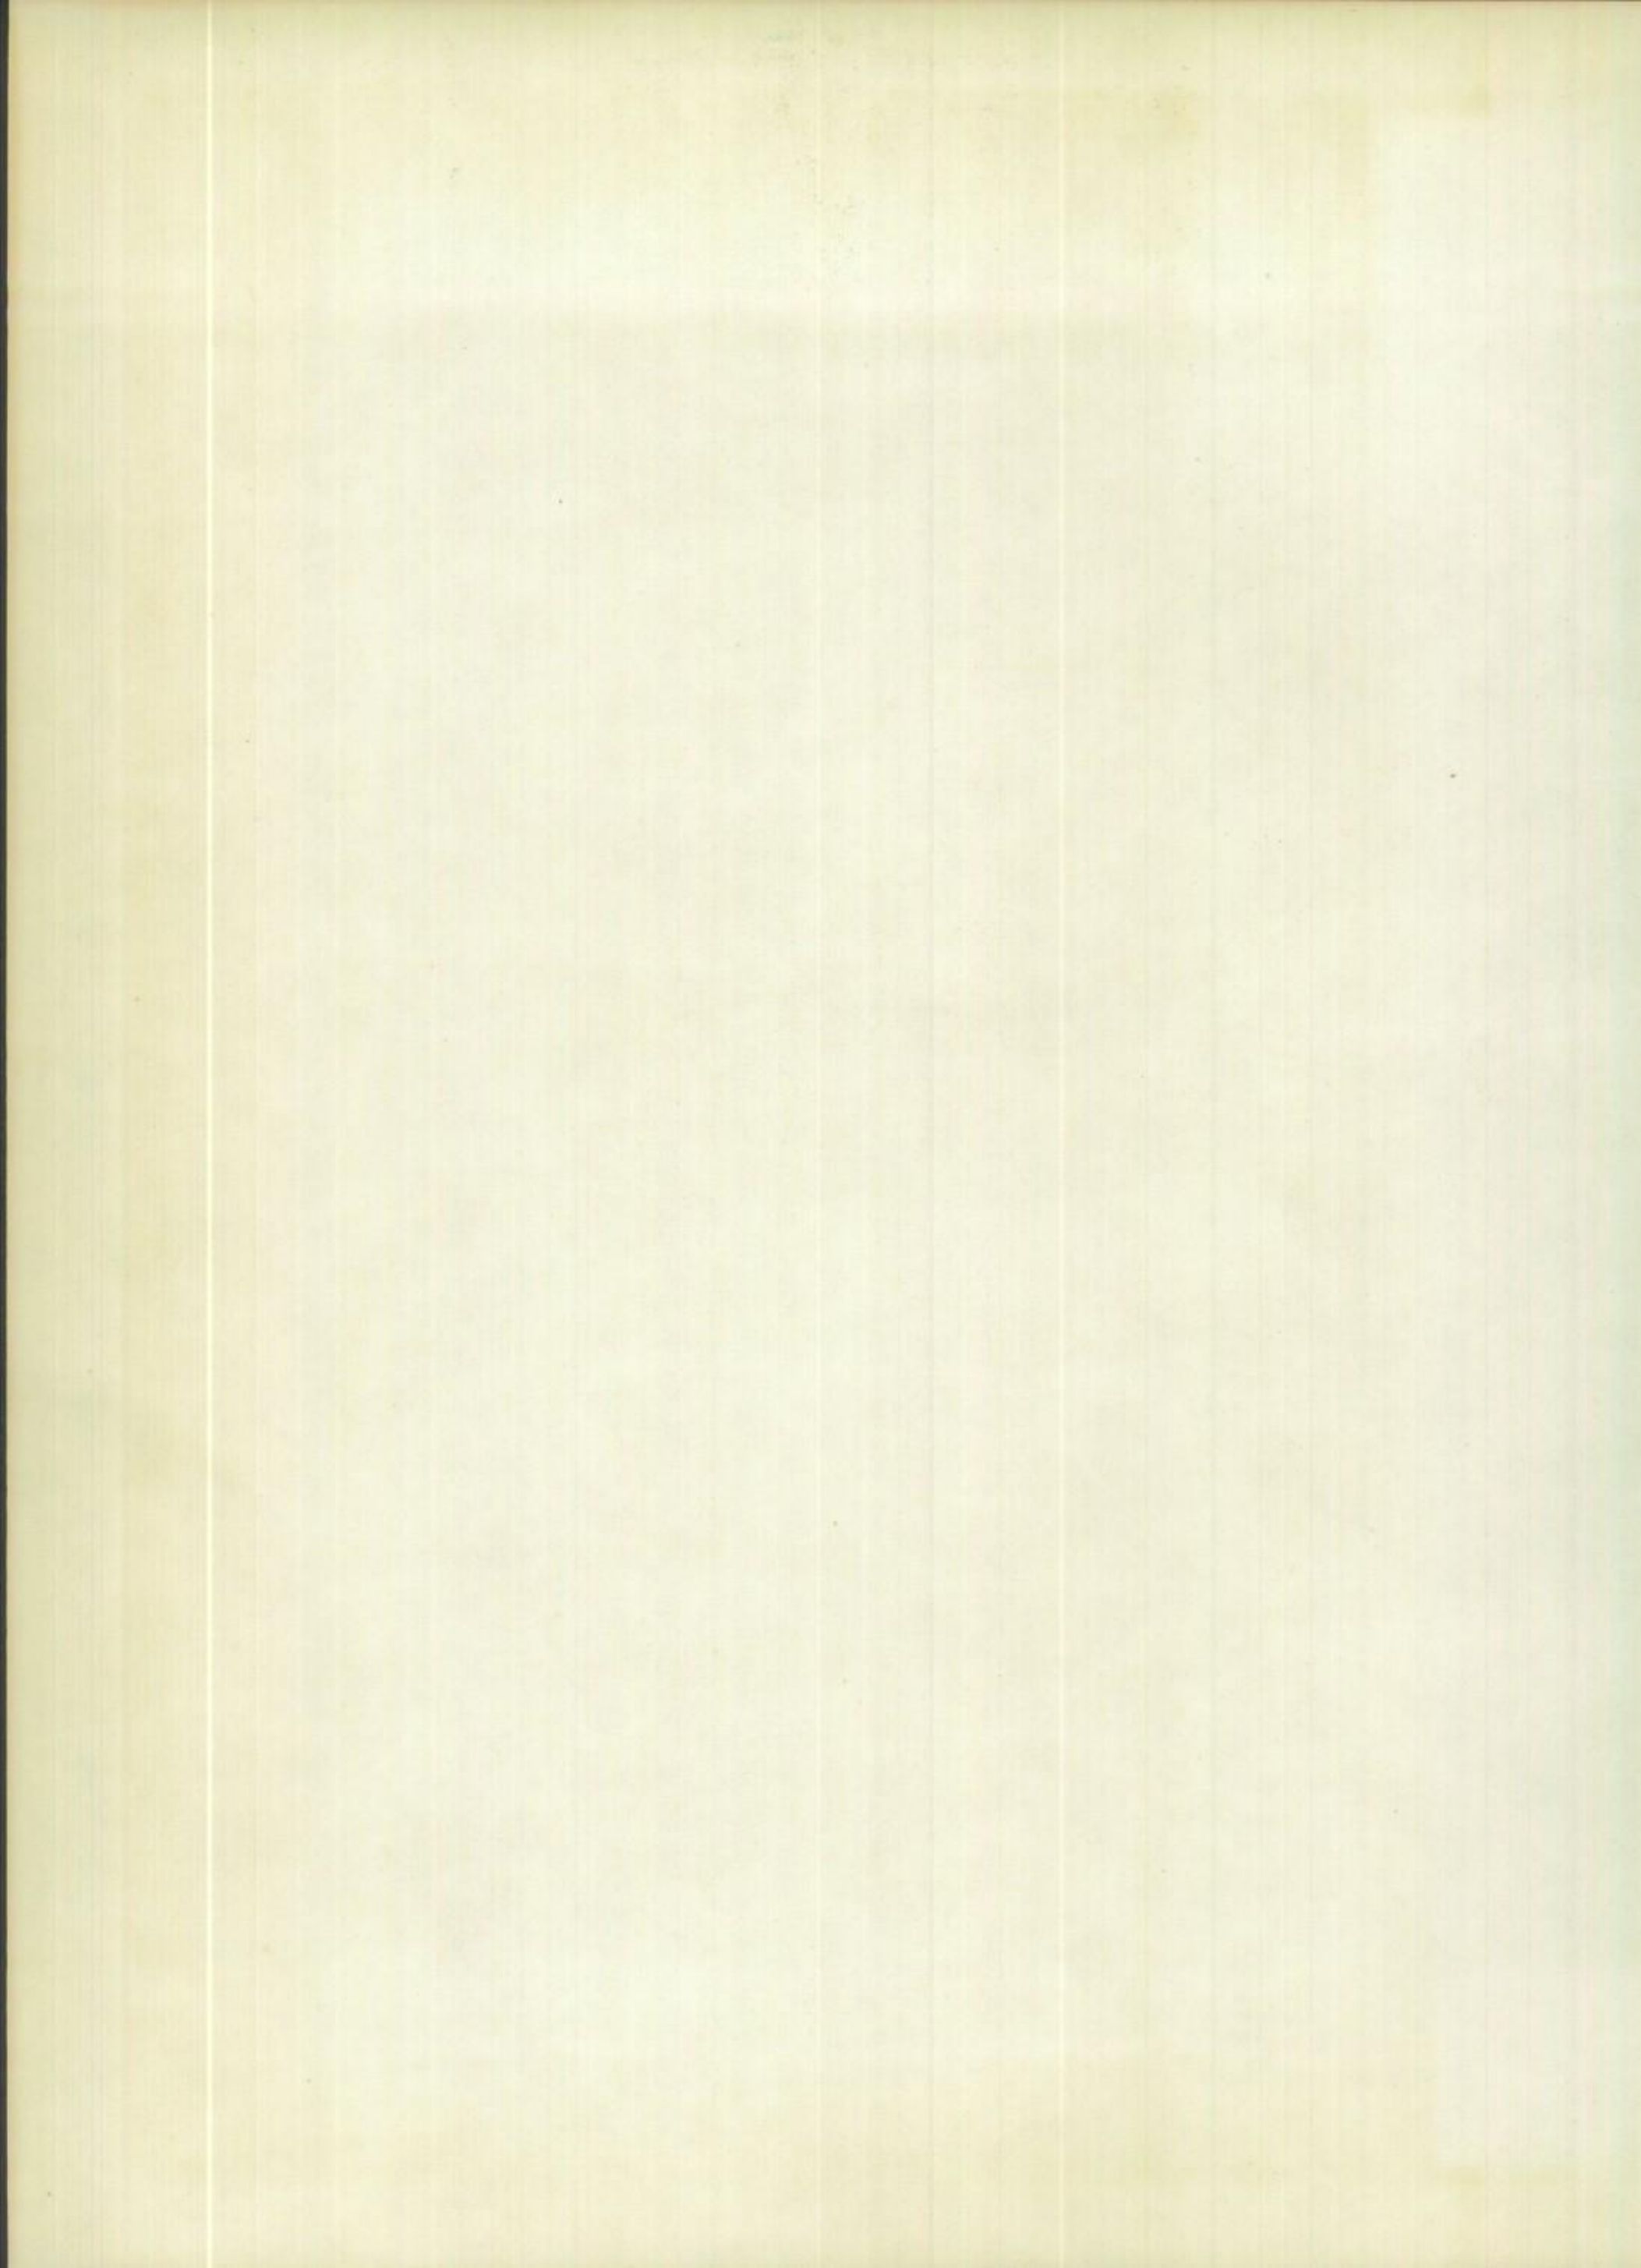

Steve Adler, for his necessary and concise rewrites;

Mr. Ray Merritt, whose photographic skills were most necessary to *LOG 65*.

Mr. Hubbell, of Taylor Publishing Company, for his advice and assistance in printing this book.

Many thanks to all,
ALEXANDER HARRIMAN, Editor
